ENGLISH

Erzeni & Fratelli Gruppomobili

Since the foundation of our company in 1998, we have used the more advanced technologies in order to offer our clients quality products .The company located in two centers, Albania and Turkey uses a production space of 20 000 m2, from which 15000 closed area and 5000 open area.

In these 17 years, by being part of many private projects and TOKI EMLAK KONUT projects, the company has become one of the leader companies in the sector of door production.

Using reserves of trees and qualitative, economic panels of Balkans the door production begins in Albania with production of semi finished frames, moldings and door mdf panels and finishes in Turkey with production of the complete product : door.

Our market is led by Turkish market, but we also make exports to many countries in Asia, Africa, Middle East and the Balkans.

The company known as" Fratelli" in the world market and "Arem" in the Turkish market has a staff of 135 employees.

The company well known for internal doors covered by PVC materials, STRLAM, MELAMIN, LAMINATE, launched this year also the sale of frames and moldings and mdf panel leaves of 4mm, 6mm, 8mm covered by these materials.

Our goal is to be a successful firm, long-lived and accepted in world markets.
